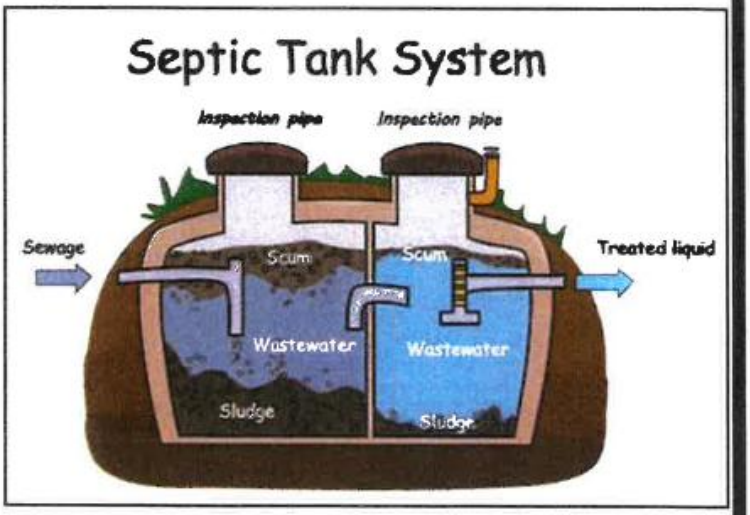
Septic System Program

If your septic system is beyond repair and in need of replacement, the Schoharie County Rural Preservation Corp. (SCRPC) may be able to help.

The SCRPC in collaboration with the Schoharie County Office of Planning &Community Development Services is applying for a Community Development Block grant that will assist low to moderate income homeowners with the replacement of their septic system.



Note: The home must be the homeowners' residence and the homeowner must execute a deferred, forgivable 5 year note & mortgage to ensure compliance with the grant. Applicants must meet income guidelines.

There is a waiting list but the SCRPC will continue applying for funding as long as there is demand. Find out if you qualify by visiting schohariecountyrpc.com or call 518-234-7604 ext. 105 or email Kbarry@schohariecountyrpc.com

Schoharie County Rural Preservation Corporation (SCRPC) does not discriminate on the basis of race, color, religion, sex, sexual orientation, gender identity or expression, marital status, national origin, ancestry, physical or mental disability, age or familial status.
